

# purple cake day®

Your support allows children like Laury the chance to go to school and build a better future.

**Purple Cake Day is about children helping children in need**, through celebration, education and fundraising. Purple Cake Day provides a fun and positive way for children to learn about other cultures and discover their role in the global community. Activities that grow the spirit of compassion, respect and leadership in our children, empower them to get involved, take action and make a real difference.

## Who We Help

**Children of Haiti Project** - providing quality primary and secondary education, hot meals and medical care to children from a tent camp who lost their homes and some family in the 2010 Haiti earthquake. The COHP school is their only opportunity to receive an education, and learn the basic hygiene and life skills necessary to help them survive and thrive.

**First Steps Himalaya** - delivering pre-school and early primary school education to children in disadvantaged communities in rural Nepal. Ongoing training, supervision and support are provided to early childhood and primary school teachers to ensure quality is maintained.

**Hilde Back Education Fund** - supporting Kenyan children from poor families, to get the secondary school education they need to change their future. This includes student sponsorship, leadership training and psychosocial support, development for teachers to support student success, and vital materials like school uniforms, books, and stationery.
